Benetton Dream won his very first start in a dressage competition at “A” level with a mark of 8, 5. In the mean time he has collected many prizes at “L” and “M” level with marks up to 8,8. He succeeded at qualifying for the German Championships for 5 year olds at his first attempt. After that he went straight to the final. He repeated the qualification at his first attempt as a 6 year old. Last year Benneton won at “M” level and was highly placed in “S”dressage classes (at just 7 years old).

From the breeding side, he has been just as successful. Benetton foals have been champions and reserve champions not just in Germany but also in Australia, the USA and Belgium. In his first year, he produced licensed stallions, one even becoming champion stallion.

His grandmother Dornröschen produced the exceptional dressage horse Daimler, who started for France at the World Championships for young horses in Verden under Jessica Michel.

His great grandmother is one of the most successful Hanoverian Weltmeyer mares. She was European reserve champion in Brussels and won team Gold. Her Warkant son Winterprinz was licensed and became “Horse of the Year” in the USA and won the Intermediare I championship three times. Windroses daughters were also successful at shows and in competitions e.g. the Auction top price Danny de Vito.

Benettons father Brentano II belonged to the best 10 dressage stallions and “W-D-R” are the the most influential blood lines in dressage sport. Weltmeyer, Bolero, Rubinstein and Donnerhall – all these exceptional stallions are combined in Benetton, with them Benetton Dream has an excellent pedigree and a highly decorated mother line.
