Chacco Blue out of the famous Qerly chin de Muze dam line- four 1.60m-dams.

Chacco Blue x Just di Fer

This stallion foal combines the currently rare genes of Chacco Blue with one of the best performance lines in the world. Dam Just di Fer is by the stallion Tornesch, the former number 1 of Swedish Malin Baryard-Johnsson, and is bred out of the mare Sea Coast Ferly. Ferly herself jumped successfully at 1.60m Grand Prix level with Belgian Gudrun Patteet and was placed many time in five star classes. Next we see in this pedigree the 1.60m dams Narcotique de Muze II, Qerly Chin and Kerly.

Dam line Just di Fer (s. Tornesch, 2014)

- Dam Sea Coast Ferly (s. Calato), 1.60m Grand Prix level with Gudrun Patteet. She is the (grand)dam of 4 international jumping horses, including Brunello di Fer (1.50m).
- Granddam Narcotique de Muze II (s. Darco), 1.60m Grand Prix level with Eric Lamaze. She directly produced 13 international jumpers, including 5 at 1.60m level and 5 approved stallions. She is the granddam of more than 40 international jumping horses, including 11 at 1.60m level. Among her offspring are names such as Querlybet Hero (Philippe Lejeune), Vagabond de la Pomme (Pénélope Leprevost), Go Easy de Muze (Darragh Kenny) and Sterrehof's Ushi (Julia Houtzager-Kayser).
- Grand-granddam Qerly Chin (by Chin Chin), 1.60m Grand Prix level with Christophe Barbeau. She also directly produced 13 international jumpers, 5 of which at 1.60m level. Her extensive offspring include many big names, such as Exquis Walnut de Muze (Harrie Smolders) and Jenson van 't Meulenhof (Niels Bruynseels).
