Cornet Obolensky x Full Grand Prix sister of Kashmir van Schuttershof!

Dam is the famous Sissi van Schuttershof. She performed with Jur Vrieling up to 1.60m level, was victorious in a striking number of international classes and is already the (grand)dam of several international horses and approved stallions. Her genetic strength is further emphasized by the fact that she is a full sister to Kashmir van Schuttershof. This stallion, who jumped at 1.60m level, is the current number 6 of the WBFSH ranking, with offspring such as H&M All In, H&M Indiana and Gazelle.
