

NEWMANDA VAN'T STUDUTCH

Gender: Mare
Birthdate: 2018
Height: 0.00m
Level: Z2
Studbook: Array
Colour: Black
Breeder:
Stud fee:

Grand Prix talent Glock's Toto Jr. x Grand Prix mare Roumanda

Newmanda van 't Studutch is a 2018 born mare with a rare accumulation of Grand Prix genes in her pedigree. Father Glock's Toto Jr. descends from the legendary Totilas and he also has high expectations for a promising Grand Prix career. She had the exceptional score of 90 points for exterieur and 90 for her movements on the keuring. She became reserve champion of Noord Brabant and at the NMK she became 5th.

This elaborate Grand Prix story continues with Newmanda's dam, the elite sports mare Hexagon's Roumanda. She also performed at the highest level with Dinja van Liere and comes from the famous Manda line of Leunus van Lieren. The enormous Grand Prix influence in this line is well known, which is directly reflected in Roumanda's pedigree. With father Rubiquil, grandfathers Rubinstein I and Matador, mother Latamanda and grandmother Indiamanda, we see five of the six horses in the first two generations at Roumanda Grand Prix class!

In addition, the aforementioned Indiamanda (Sultan x Doruto), in addition to Latamanda, gave another three Grand Prix horses, namely Mantra, Truemanda and Certainty. And in turn Latamanda gave besides Roumanda the Grand Prix horse R-Banderas and the ZZ-Licht mare Ushimanda. The latter is a full sister to Roumanda and is also known as the mother of the KWPN-recognized Double Dutch (Grand Prix with Thamar Zweistra).

It should be clear that with Newmanda van 't Studutch we have a particularly interesting (breeding) mare, belonging to the select group of descendants of a proven Grand Prix dressage mare
