Mascotte-Strh

Grand Prix genes from Glock's Toto Jr. and Parzival

You will not find them more promising bred than Mascotte-Strh. His sire is the emerging phenomenon Glock's Toto Jr. N.O.P. The first approved son of the deceased Totilas has many similarities to his world famous father. With Edward Gal he experienced a great Grand Prix debut in 2020 and shortly after that won the national Dutch title. Also in breeding, Toto Jr. has started to create his own legacy, of which Mascotte-Strh clearly belongs to.

Mascotte was bred out of none other than the famous broodmare Orleans. This dam by Jazz is first and foremost a full sister to former world leading dressage horse Parzival, with Adelinde Cornelissen multiple European champion and World Cup winner. She is also a full sister to Fleau de Baian (also Grand Prix with Cornelissen). Orleans has already proven herself in breeding as the dam of the Grand Prix horse TC Athene, European U25 champion with Jeanine Nieuwenhuis, and of the KWPN approved Governor. This son of Totilas, and therefore a three-quarters brother to Mascotte, is very successful with Adelinde Cornelissen and on his way to a Grand Prix debut. Out of this incredibly strong dam line we also know Bretagne-STR, Grenoble and Paso Doble (all Grand Prix), Genoa TC (Inter II) and the KWPN approved Armani and Jerveaux.

Pregnancy Arrangement
You have the option to take out a pregnancy arrangement. The fixed fees are €250,- and when in foal is born €750,- must be paid. The total cost is therefore €1,000,- There is only frozen semen available and the shipping costs for this in Holland are €80,-
